

## ASPEN Nutrition Science & Practice Conference Abstract Reprinting/Distribution Instructions

Below is the information on how to request permission to reprint/distribute ASPEN Nutrition Science and Practice Conference abstracts published in the *Journal of Parenteral and Enteral Nutrition* (JPEN).

- 1) Click [here](#) to go to the list of conference abstracts and locate the supplement or issue containing the abstract of interest.
- 2) Once the document has been located, select “Request Permissions” under the title, as shown in the image below.

- 3) Follow the drop-down options/questions and pick the answers that best describe how you plan to use the abstract.

When you encounter the “Portion” question, please select this option: “**Text extract**” as your answer. **DO NOT SELECT ‘Abstract’**— as that is NOT for poster or presentation abstracts but refers to an abstract of a published full article.

If you encounter the following message, “*Due to the nature of your request, a special order is required*”, you will need to register an account with Rights Central. In this case, please contact a **Rightsholder Customer Account Specialist** at 978-646-2800 Monday-Friday, 8:00 AM - 5:00 PM ET or via email at [Rightsholders@copyright.com](mailto:Rightsholders@copyright.com).
